Subject: RE: Pending waivers

Please remove W(A)01-033 from your list. It turns out they were a small business and did not need a waiver. I thought we had notified you to close the file, but I can't remember. Per your voicemail, you said 01-011 was no longer an issue.

Also, we do not have the case for Dupont Superconductivity.

Looks like we are up to date.

Thanks,
Emily

Subject: Pending waivers

Paul wants us to resolve all old pending waiver cases. "Old" means any waiver case not having an "02" as the first 2 digits. If any of the old cases are hung up over terms and conditions, please send the contractor a "30 day letter", informing them that the waiver case will be closed out if they do not accept the terms and conditions within 30 calendar days. Our records show that you have W(A)01-011 and W(A)01-033.

Also, does your office have waiver case W(A)01-035? The petitioner is Dupont Superconductivity. That's all the information we have on it.
